New Zealand Certificate in Health and Wellbeing (Level 3) – Health Assistance Strand

The **New Zealand Certificate in Health and Wellbeing (Level 3) – Health Assistance Strand** approved and **accredited by NZQA** will equip you with essential skills and knowledge to work as a healthcare assistant in New Zealand. You'll learn how to provide culturally appropriate, person-centred support in various health and wellbeing settings, with skills that are transferable across healthcare environments. Achieving this qualification can open up career opportunities in home-based care, aged care, disability services, and other support contexts across Aotearoa.

At Cavalli College, we put our learners first by offering relevant courses, a simple online system, IT support, and dedicated tutor guidance, all while working closely with your workplace. Upon completion you can pathway into our New Zealand Certificate in Health and Wellbeing (Advanced Care and Support) (Level 4). Contact us to learn more!

Programme highlights:

- Provide culturally appropriate person-centred care under supervision
- Communicate effectively to foster positive relationships
- Recognise and respond to signs of vulnerability in clients
- Understand the legislation and regulations for ethical care

Career opportunities:

- Gain employment in aged care, disability, and other support services
- Advance your career and earning potential
- Pathway into the New Zealand Certificate in Health and Wellbeing (Advanced Care and Support) (Level 4)
